

NIOSH N95 Respirator

The NIOSH N95 Respirator offers excellent disposable respiratory protection where there is the risk of exposure to blood, body fluids, or other potentially infectious material. Some of the features and benefits of the N95 Respirator are:

- NIOSH approved as an N95 Respirator (TC-84A-PH06)
- CDC and WHO recommended level of respiratory protection for Influenza, TB, Ebola, SARS, MERS and Covid-19 exposure control for healthcare workers
- Meets or exceeds ASTM F2100-19 level 3 medical face mask requirements
- Fluid Resistance ≥ 160 mmHg (F1862)
- Particle Filtration (PFE): $\geq 99\%$ AT 0.1 micron (ASTMF2299)
- Bacterial Filtration (BFE): $\geq 99\%$ AT 3.0 micron (ASTM F2101)
- Differential Pressure (Delta P): < 6 mmH₂O/cm² (EN 14683)
- Flammability: Class 1 ≥ 3.5 seconds (16 CFR Part 1610)
- Biocompatibility: Meets material requirements (ISO 10993)
- Low profile design helps eliminate restriction of "Down Vision"
- Inner and outer fluid resistant layers with a white inner facing for sensitive skin
- Aluminum nose piece helps give customized and secure fit
- One-size-fits-most
- Does not contain Natural Rubber Latex
- Easy storage flat-fold design
